How-To-Enter

Begin Planning Now

2018 ACEC Colorado Engineering Excellence Awards

Important Dates:

- Nov. 1 - Sept 18, 2017 - Substantial Construction/Completion of Project Work to be Entered
- June 15, 2017 - EEA How-to-Enter Workshop 8 – 10 a.m. - ACEC Colorado office. No cost to attend, Registration Required
- June 30, 2017 - Deadline to Intent-to-Enter to Receive Early Entry \$100 Discount (due at midnight)
- July 28, 2017 - Deadline to Complete Online Intent-to-Enter Form and Submitting Payment Information
- Aug. 21, 2017 - Required Materials for Online Submittal
- Aug. 21, 2017 - Requested Materials for Online Submittal
- Aug. 28, 2017 - Required Material for Delivery to ACEC Colorado

Entry Fees

- ACEC Colorado-member Firm Represented at Workshop: \$395
- ACEC Colorado-member Firm: \$395 (received by June 30, 2017) | \$495 (received June 30-July 28, 2017)
- Non-member Firm: \$1,195

(NOTE: Each entered project requires a separate entry fee and Intent-to-Enter Form. Each entry fee is non-refundable and non-transferable, regardless of whether entry material is submitted for a project. Limit one discount per entry; Firms may not combine a workshop discount with the June 30 discounted rate.)

Eligibility

Any Colorado engineering or surveying firm is eligible to enter the EEA program, regardless of whether the firm is an ACEC Colorado member. Projects entered into the ACEC Colorado competition may have been executed anywhere in the world; however, to be eligible, at least 50 percent of the project work must have been done by the entering firm's Colorado office. Construction of projects entered into the 2018 competition must have been substantially completed and ready for use between Nov. 1, 2015, and Sept. 15, 2017. Noncompliance with the Official Rules may disqualify an entry. ACEC Colorado will not be responsible for any damages to or loss of entered materials. The ACEC Colorado Awards Committee reserves the right to determine the eligibility for all entries. Entries must meet the judges' rating guidelines found in the Official Rules.

The ACEC Colorado Engineering Excellence Awards (EEA) program annually recognizes consulting engineering firms for projects that demonstrate an exceptional degree of innovation, complexity, achievement and value. For 50 years, Colorado firms have entered their most innovative projects and studies into this competition. The ACEC Colorado EEA program generally follows entry guidelines established for the ACEC National EEA program.
